

BY THE NUMBERS

TAPESTRY & EMPOWERED TO CONNECT

Irving Bible Church, through its ministries of Tapestry & Empowered To Connect, is impacting parents across the U.S. and around the world. Here is a glimpse of that impact in 2014.

WHAT IS TAPESTRY?

Tapestry is the adoption and foster care ministry of Irving Bible Church. We provide a loving, supportive and authentic community that connects with, encourages, and equips families along the adoption and foster care journey.

WHAT IS EMPOWERED TO CONNECT?

Empowered to Connect is a set of parenting strategies created by Tapestry's Michael & Amy Monroe and relies heavily on the Trust-Based Relational Intervention® (TBRI) model developed by Dr. Karyn Purvis and her colleagues at the TCU Institute of Child Development. The training teaches and reinforces the fact that we are made in the image of a loving, relational God who has created us to connect in relationship — both with him and with others. We empower parents with tools and strategies to effectively meet their children's needs, build trust, and help them heal and grow.
